Nuestro viaje viene de lejos y combina nuestra extraordinaria experiencia en el sector del vidrio con la voluntad
de dar nueva forma y esencia al diseño de las botellas más emblemáticas del sector.

Itinera
evolutionary roads

Itinera skilfully blends shapes and details from timeless tradition with innovative and cutting-edge proposals, going beyond national borders to meet the tastes of contemporary brands. The journey takes two different roads, **Selection** and **Experience**: two product lines with a clear identity presented in eight different designs and colours.

Itinera fonde sapientemente forme e dettagli di una tradizione senza tempo, con proposte innovative e d'avanguardia, superando i confini nazionali per incontrare il gusto dei brand contemporanei. Il viaggio prende due strade diverse, **Selection** ed **Experience**: due linee prodotte con una precisa identità declinata in otto differenti design e varianti di colore.

Itinera unit savamment les formes et les détails d'une tradition intemporelle avec des propositions avant-gardistes et innovantes, dépassant les frontières nationales pour embrasser le goût des marques contemporaines. Ce voyage emprunte deux routes distinctes, **Selection** et **Experience** : deux lignes de produits avec leur identité spécifique, déclinée en huit designs différents et variantes de couleur.

Itinera funde sabiamente formas y detalles de una tradición sin tiempo con propuestas innovadoras y vanguardistas, superando los confines nacionales para encontrar el gusto de las marcas contemporáneas. El viaje toma dos caminos diversos, **Selection** y **Experience**: dos líneas de producto con una identidad precisa que se divide en ocho diseños diferentes y variantes de color.

The bottles from the **Selection** line represent our best expression of quality and innovation. Each design has highly distinctive details that bestow exclusivity on the product. Allow yourself to be impressed by the finishes that recall tradition, the accentuated punts and unprecedented shapes, exalted by the use of different colours – extra flint glass, champagne green and ancient green.

Le bottiglie della linea **Selection** rappresentano la nostra migliore espressione di qualità e innovazione. Ogni design presenta dettagli fortemente distintivi che conferiscono esclusività al prodotto. Lasciatevi stupire dalle bocche che richiamano alla tradizione, dalle picure accentuate e dalle forme inedite, esaltate dall'utilizzo dei colori in diverse varianti – vetro extra flint, champagne green e verde antico.

Selection

Cassia, Flaminia, Aquitania, Aemilia

Les bouteilles de la ligne **Selection** représentent notre meilleure expression de qualité et d'innovation. Chaque design présente des détails remarquablement singuliers qui donnent au produit son caractère exclusif. Laissez-vous surprendre par les bagues qui rappellent la tradition, par les piqûres accentuées et par les formes inédites, exaltées par l'utilisation de différentes couleurs - vert extra flint, champagne green et vert ancien.

Las botellas de la línea **Selection** representan nuestra mejor expresión de calidad e innovación. Cada diseño presenta detalles con un claro distintivo que confieren exclusividad al producto. Dejaos sorprender por las bocas que evocan la tradición, con picure acentuadas y formas inéditas, exaltadas por el uso de los colores en diversas variantes: vidrio extra flint, champán verde y verde antiguo.

Cassia

Simple, clean lines give life to a naturally elegant shape. **Cassia** recaptures the concept of the Bordeaux high shoulder, designing a statuesque silhouette perfect for pairing with prestigious wine. The pronounced punt highlights an aesthetic evolution of great character.

Linee semplici e pulite danno vita ad una forma naturalmente elegante. **Cassia** riprende il concept del modello bordolese a spalla alta, disegnando una silhouette statuaria, perfetta da abbinare a vini pregiati. La picure pronunciata sottolinea un'evoluzione estetica di grande carattere.

Ses lignes simples et claires donnent vie à une forme naturellement élégante. **Cassia** reprend le concept du modèle bordelais à haute épaule et dessine une silhouette statuaire, parfaite pour les grands vins. La piqûre marquée souligne une évolution esthétique, de grand caractère.

Líneas simples, limpias, dan vida a una forma de natural elegancia. **Cassia** retoma el diseño del modelo bordelesa de hombro alto, que diseña una silueta escultural, perfecta para combinar con vinos selectos. La pronunciada picure recalca una evolución estética de gran carácter.

Flaminia

Born from a modern interpretation of the Borgognotta shape, **Flaminia** follows the road of evolution thanks to a profile that is easy to recognise for its originality. The elongated neck is completed by a minimalist finish. Tight and confident lines define the ideal packaging for a wine that wishes to stand out.

Nata da una moderna interpretazione della forma Borgognotta, **Flaminia** segue la strada dell'evoluzione grazie ad un profilo facilmente riconoscibile per la sua originalità. Il collo allungato è completato da una fascetta dal design minimalista. Linee tese e sicure definiscono il packaging ideale per un vino che vuole distinguersi.

Née d'une interprétation moderne de la forme Bourguignonne, **Flaminia** suit la voie de l'évolution grâce à un profil facilement reconnaissable par son originalité. Le col allongé s'accompagne d'une capsule au design minimaliste. Des lignes tendues et sûres caractérisent ce packaging idéal pour des vins qui veulent se distinguer.

Nacida de una moderna interpretación de la forma Borgoña, **Flaminia** sigue el camino de la evolución gracias a un perfil fácilmente reconocible por su originalidad. El cuello alargado se completa con una cápsula de diseño minimalista. Líneas apretadas y seguras definen el packaging ideal para un vino que quiere distinguirse.

Aquitania

Inspired by the classic champagne bottle, **Aquitania** reinterprets its proportions and details with clear references to tradition. The heavy weight makes the colour of the glass even deeper and more precious. Guaranteed for a secondary fermentation in the bottle, it is ideal for prestigious champagne, sparkling and vintage wine.

Ispirata alla classica champagnotta, la bottiglia **Aquitania** ne reinterpreta proporzioni e dettagli con forti richiami alla tradizione. Il peso importante rende il colore del vetro ancora più profondo e prezioso. Garantita per una seconda fermentazione in bottiglia, è ideale per vestire pregiati champagne, spumanti e millesimati.

Inspirée de la champenoise classique, **Aquitania** en réinterprète les proportions et les détails avec une forte évocation de la tradition. Le poids important rend la couleur du verre encore plus profonde et précieuse. Résistant à une deuxième fermentation en bouteille, elle est idéale pour loger les grands champagnes, mousseux et vins millésimés.

Inspirada en la clásica champagne, la botella **Aquitania** reinterpreta proporciones y detalles con fuertes evocaciones a la tradición. El peso considerable hace que el color del vidrio sea aún más profundo y valioso. Garantizada para una segunda fermentación en botella, es ideal para vestir finos champagne, espumosos y añadas especiales.

Aemilia

Aemilia is an excellent option for those in search of an unconventional design: the slender and unprecedented shape is designed to surprise. The glass weight, lighter than the other bottles in the line, enhances the reflections of the contents and makes its extra flint version ideal for rosé wine.

Aemilia è la scelta indicata per chi è alla ricerca di un design non convenzionale: la forma slanciata e inedita è pensata per sorprendere. Il peso vetro, più leggero rispetto alle altre bottiglie della linea, esalta i riflessi del contenuto e la rende ideale per vini rosé nella versione extra flint.

Aemilia est le choix de ceux qui recherchent un design non conventionnel : sa forme élancée et inédite est faite pour surprendre. Le poids du verre, plus léger que les autres bouteilles de la ligne, exalte les reflets du contenu et en fait une bouteille idéale pour les vins rosés dans sa version extra flint.

Aemilia es la elección indicada para quien está buscando un diseño poco convencional: la forma esbelta e inédita está pensada para sorprender. El peso del vidrio, más ligero respecto a las demás botellas de la línea, exalta los reflejos del contenido y la hace ideal para vinos rosados en la versión extra flint.

The bottles from the **Experience** range combine the functionality of traditional models with modern trends in the wine market. Lines that retrace the most classic designs with small variations on the theme, to go down in history with an original take. The Itinera collection includes Aurelia, a bottle that boasts “100% Carbon Neutral” production, and which bears witness to the journey towards an increasingly more sustainable approach to production.

Le bottiglie della gamma **Experience** combinano la funzionalità dei modelli tradizionali con le moderne tendenze del mercato del vino. Linee che ricalcano i design più classici con piccole variazioni sul tema, per rimanere nel solco della storia ma con un apporto originale. All'interno della collezione Itinera è presente Aurelia, bottiglia che vanta un programma di produzione “100% Carbon Neutral” e che testimonia il percorso intrapreso verso un approccio produttivo sempre più sostenibile.

Experience

Appia, Domizia, Latina, Aurelia

Les bouteilles de la gamme **Experience** combinent la praticité des modèles traditionnels et les tendances modernes du marché du vin. Des lignes qui reprennent les designs les plus classiques avec de petites variantes, pour rester dans le sillon de l'histoire mais avec une touche d'originalité. Dans la collection Itinera nous trouvons Aurelia, une bouteille qui vante un programme de production « 100% neutre en carbone » et qui témoigne du parcours entrepris vers une approche de production toujours plus durable.

Las botellas de la gama **Experience** combinan la funcionalidad de los modelos tradicionales con las modernas tendencias del mercado del vino. Líneas que recalcan los diseños más clásicos con pequeñas variaciones sobre el tema, para permanecer en la senda de la historia pero con una aportación original. Dentro de la colección Itinera está Aurelia, botella que presume de un plan de fabricación «100 % neutro en carbono» y que atestigua el camino emprendido hacia un enfoque productivo cada vez más sostenible.

Appia

Cylindrical body, short neck and well pronounced shoulder, **Appia** is a new take on the classic Bordeaux bottle. One of the best-known models in the wine-growing world since time began, which Itinera represents in a contemporary manner with a softer and more slender shape.

Corpo cilindrico, collo corto e spalla ben pronunciata, **Appia** è una nuova declinazione della classica bottiglia bordeaux. Uno dei modelli da sempre più conosciuti nel mondo vitivinicolo che Itinera ripresenta in chiave contemporanea con forma più morbida e slanciata.

Corps cylindrique, col court et épaule bien marquée, **Appia** est une nouvelle déclinaison de la bouteille bordelaise classique. Depuis toujours l'un des modèles les plus connus dans le monde vitivinicole, qu'itinera repropose en version contemporaine avec une forme plus douce et élancée.

Cuerpo cilíndrico, cuello corto y hombro bien pronunciado, **Appia** es una nueva versión de la botella clásica bordelesa. Uno de los modelos más conocidos desde siempre en el mundo vitivinícola, que Itinera representa en clave contemporánea con una forma más suave y esbelta.

Domizia

Thanks to its wide base that highlights its solidity, **Domizia** is a functional and practical choice for bottling bubbly, sparkling and semi-sparkling wine. The classic crown cap with a modern reinterpretation adds a touch of exclusivity to the finished product.

Grazie alla sua base larga che ne sottolinea la solidità, **Domizia** rappresenta una scelta razionale e pratica per l'imbottigliamento di bollicine, spumanti e vini frizzanti. La classica bocca corona reinterpretata in chiave moderna dona un tocco di esclusività al prodotto finito.

Grâce à sa large base qui témoigne de sa solidité, **Domizia** est un choix judicieux et pratique pour l'embouteillage des bulles, mousseux et vins pétillants. La bague couronne classique, revisitée en version moderne, donne une touche d'exclusivité au produit fini.

Gracias a su base ancha que subraya su solidez, **Domizia** representa una elección racional y práctica para el embotellado de burbujas, espumosos y vinos de aguja. La boca de corona clásica reinterpretada en clave moderna da un toque de exclusividad al producto acabado.

Latina

Slender shoulder, long neck and tapered base, **Latina** has a differentiating design strongly inspired by craftsmanship. The characteristic neck finish recalls the tradition of hand blown glass and bottles from the early 20th century. Unique details that bear the signature of the Berlin Packaging | Bruni Glass Innovation Center.

Spalla affusolata, collo lungo e base rastremata, **Latina** ha un design differenziante e fortemente ispirato all'artigianalità. La caratteristica fascetta richiama la tradizione del vetro soffiato a mano e delle bottiglie di inizio '900. Dettagli unici che portano la firma Berlin Packaging | Bruni Glass Innovation Center.

Épaupe fuselée, col long et base rétrécie, **Latina** dispose d'un design différent et fortement inspiré de l'artisanat. Sa capsule caractéristique rappelle la tradition du verre soufflé à la main et des bouteilles du début du XXème siècle. Des détails uniques qui portent la signature de Berlin Packaging | Bruni Glass Innovation Center.

Hombro estrecho, cuello largo y base cónica, **Latina** tiene un diseño diferenciado y fuertemente inspirado en la artesanía. La característica cápsula evoca la tradición del vidrio soplado a mano y de las botellas de principios de 1900. Detalles únicos que llevan la firma del Berlin Packaging | Bruni Glass Innovation Center.

Aurelia

Aurelia is the bottle from the Itinera collection designed for wineries in touch with the issue of sustainability. The “**100% Carbon Neutral**” production is achieved by using electricity from renewable sources, biomethane instead of natural gas and a programme dedicated to offset residual CO₂ emissions. Available in both ancient green and emerald green, in order to maximise the recycled glass content and create the perfect vessel for organic wine growing.

Aurelia è la bottiglia della collezione Itinera pensata per le cantine attente al tema della sostenibilità. La produzione “**100% Carbon Neutral**” è ottenuta attraverso l'utilizzo di energia elettrica proveniente da fonti rinnovabili, l'uso di biometano in sostituzione del gas naturale ed il ricorso ad un programma dedicato di compensazione delle emissioni di CO₂ residue. Disponibile in colore verde antico ma anche in colore verde smeraldo, per massimizzare il contenuto di vetro riciclato e creare il perfetto contenitore per la viticoltura biologica.

Aurelia est la bouteille de la collection Itinera conçue pour les caves attentives au thème du développement durable. La production « **100% neutre en carbone** » est obtenue grâce à l'utilisation d'énergie électrique provenant de ressources renouvelables, à l'emploi du biométhane au lieu du gaz naturel, et à un programme dédié à la compensation des émissions de CO₂ résiduelles. Disponible en vert ancien mais aussi en vert émeraude, pour maximiser la proportion de verre recyclé et créer le contenant parfait pour la viticulture biologique.

Aurelia es la botella de la colección Itinera pensada para las bodegas que cuidan el tema de la sostenibilidad. La producción «**100% neutra en carbono**» se obtiene mediante la utilización de energía eléctrica procedente de fuentes renovables, el uso de biometano como sustituto del gas natural y el recurso a un plan específico de compensación de las emisiones de CO₂ residuales. Disponible en color verde antiguo y en verde esmeralda, para maximizar el contenido de vidrio reciclado y crear el envase perfecto para la viticultura ecológica.

Get to know Berlin Packaging, the World's largest Hybrid Packaging Supplier®

With **100+ years** in the packaging industry, **1.500+ packaging professionals** and a global network of suppliers and warehouses we, as **Berlin Packaging**, provide amazing packaging and services to our customers all over the world.

We are the **World's largest Hybrid Packaging Supplier®** of glass, plastic, metal packaging and closures.

Our business model is designed to make packaging easy for our customers: we can define it, design it, source it, store it, ship it, and provide value added services, always with the objective of **increasing our customers' revenue and improving their productivity**.

Being a Hybrid Packaging Supplier® means that we are **one-stop shop**, bringing together the best elements of Design & Innovation, Manufacturing Solutions, and Customer services for the packaging industry.

Design & Innovation – We shape the future of packaging

We have two dedicated Design Studios that offer the latest and most suitable products by fulfilling any client's need:

Berlin Packaging | Bruni Glass Innovation Center.

Based in Milan (Italy) it is the **center of excellence** for research and development of new design solutions in the **world of glass bottles and jars.**

® Studio One Eleven. Based in Chicago (USA) and in Wijchen (NL) it provides **world-class package and product design** through a unique approach and end-to-end experience, that relies on its long-term know-how.

Manufacturing Services – We ensure our customers have the exact packaging they need

We constantly scout for the best partners to source **top quality** glass, plastic, metal packaging and closures, offering more than 40.000 items worldwide and continuously growing through strategic acquisitions.

Customer Solutions – We take care of our customers

We **optimize the storage, management, and shipping of our customers' products** thanks to an extensive distribution network made of more than 130 locations and a first-class inventory management system.

Our growing commitment to sustainability

Sustainability has increasingly become a key factor at international level, with Institutions and financial market playing a crucial role in promoting ESG (Environment, Social and Governance) issues at all levels. **Berlin Packaging**, as the World's largest Hybrid Packaging Supplier®, embraces the opportunity from this changing global context to become a **sustainability enabler for the whole packaging value chain, accelerating the business success of its customers.**

In line with the sustainability path undertaken at US level, Berlin Packaging EMEA is at the forefront to provide more sustainable products and fostering circular practices.

We aim to unlock our customers' full sustainability potential and accelerate their business success

We work every day to offer tailor-made and high quality solutions to our customers

We are born to innovate and create customize solutions to better respond to our clients' needs

We want to team up with our suppliers to generate shared value along the entire supply chain

We want to play our part in fighting climate change

We can go above and beyond the pursuit of success for our customers, because of our People

Sustainability gives us the chance to make our business transformational, creating value for our customers and helping them in facing the emerging trends of the market.

Berlin Packaging / Bruni Glass Design Award

As a group, we continuously invest in the search for new ideas and talents in the design world.

From this need, we have developed a format that is unique in its kind. Born in 1997, the **Berlin Packaging | Bruni Glass Design Award** is a peculiar yet innovative design competition that has challenged hundreds of students, from industrial design universities across the globe, to create innovative packaging shapes for a variety of market sectors.

Through the whole journey we guide students to let them understand the process of designing distinctive items: they are committed in a long-term workshop with our glass design experts, to make their ideas come to reality.
